Union Service at 11 o'clock. Mr. Sprague will speak on "The Ethical and Religious Responsibilities of Parenthood." Consecration service for children. Seats free. All are welcome.

Canal Abandonment.
The platform adopted at the Essex County Republican Convention Wednesday night again declared in favor of the Morris Canal abandonment. The natural trend of events is towards the abandonment of the canal, and the platform declaration is simply one of the events and probably not as effective in its force as the request of the Lackawanna Railroad Company or Newark's Board of Health in the same direction. The platform declaration reads as follows:

"The abandonment of the Morris Canal as a waterway is demanded as a measure conducive to the public health, to business enterprise and to the abolition of railway grade crossings. The preparation of a form of legislation which shall conserve public rights and interests, has been entrusted to a commission composed of distinguished citizens of the State, on the selection of the Governor, and we look with confidence to the recommendations of this commission."

It would doubtless be to the benefit of Bloomfield if the canal was abandoned without consideration of reverend rights. The property can be used would be utilized to better public advantage than it now.

Church Notes.

Beginning to-morrow the fall and winter hours of service will be resumed in the Watseong M. E. Church. The Sunday-school will hold afternoon instead of morning sessions.

On Monday evening, the 14th inst., his former class associates will tender Mr. A. J. Parkin a reception in the First Baptist Church, the occasion being his leaving for Peddie Institute at Hightstown, N. J., to begin a course of studies preparatory to entering the ministry. A very enjoyable programme has been prepared, and the young people of Bloomfield are most cordially invited to be present.

The Christian Endeavor Society of the First Baptist Church has appointed Edwin Smith, Maria Cadmus, Herbert Stone and William Maxfield a committee to arrange for the society's anniversary next month. Miss M. Chase, A. Parkin, Miss M. Cook and Herbert Clark were named as a committee on nominations for officers to be elected at the annual meeting in October.

At a meeting held at the close of the prayer-meeting in the First Baptist Church Wednesday night the trustees and deacons with the clerk of the church were appointed a committee to secure supplies for the pulpit during the vacancy of the pastorate and to find and recommend a suitable man as pastor. The deacons were appointed a special committee to have charge of the prayer-meetings.

Dr. C. S. Woodruff will preach to-morrow at the Park M. E. Church. Morning topic, "Four to One," evening subject, "The House."

A good congregation welcomed Dr. Woodruff last Sunday on his return from his vacation. His evening address last Sunday on some scenes he had witnessed during his vacation was much appreciated by those present.

Dr. and Mrs. C. S. Woodruff had the pleasure of receiving at the parsonage on Friday last a large company of ladies from the First M. E. Church at Bayonne, their former charge, who came on for a trolley ride and a visit to their former pastor and friend.

Miss Carr of Newark addressed the meeting of the Women's Home Missionary Society at the residence of Mrs. William Cochran in Midland avenue Thursday afternoon. Her subject was "Italian work in Newark as carried on by the members of the society."

The Junior Christian Endeavor Society of the First Baptist Church met Thursday afternoon.

A Result of the Primaries.

Owing to the victory secured Tuesday by the opponents of the present leaders of the Republican party in Orange it was stated yesterday that the present county committee, who are known as members of the Elker faction, would resign to allow their successful contestants to conduct the coming campaign in the city. The members of the county committee comprise the city executive committee and the present head is Louis F. Gallison. Mr. Gallison said that at a meeting soon to be held the matter of resigning would be considered, but that no decision had yet been arrived at.

The Republican organization in Orange has not been blessed with success since the time the leaders there cheated Bloomfield out of the honor of naming a delegate to the Republican National Convention in St. Louis after a caucus of the Essex County delegates had agreed to support the Bloomfield candidate. It will be remembered by those who were present at the caucus as delegates from this town how that an impertinent youth named Hayward A. Harvey tried to break up the caucus and prevent action, and how that indignant Orange delegates refused to be muzzle by Harvey. The action of the caucus was openly disregarded in the convention and the breach of faith was charged up against Harvey and his associates.

Bloomfield Avenue Sewer.
Trouble has arisen over the Bloomfield avenue sewer between Orange street and Berkeley hill by the laying of the big water main. A mistake was made when the sewer was laid in that portion of Bloomfield avenue by not placing it deep enough. Now that the water main has been put down it will be impossible to reach the sewer from some of the property along the avenue, unless the sewer main is put down deep enough to get under the water main. The pipe line contractors made a proposition to sink a portion of the sewer between Hill and Orange streets, providing they would not be obliged to lay any sewer pipe beyond Hill street south. The proposition was not accepted.

Firemen's State Convention.

The New Jersey State Firemen's Convention was held in Atlantic City during the past week. The local firemen were represented there by ex-Chief T. Howell Johnson, Chief Bernard F. Higgins, Michael N. Higgins, Herman Eichhorn, and Archie Heath. Chief Higgins was re-elected one of the Vice-Presidents of the Association and T. Howell Johnson Assistant Secretary.

Carpet Cleaning.

Now is the time to clean carpets. If you want your carpets taken up, cleaned and relaid, send word to D. Douglas, No. 9 Park street, Montclair. Mr. Douglas has had years of experience in carpet cleaning, and has a large patronage in this town, Glen Ridge and Montclair. Those intending to move can have their carpets taken up, cleaned and relaid on short notice. The work will be well and promptly done.—Advt.

Constitutional Amendments.

At the annual meeting of the New Jersey Bar Association in June last, a committee was appointed to bring before the public the merits and importance of the constitutional amendments to be voted on at the special election to be held on September 22. James J. Bergen was made chairman of the committee, and his associates are Robert H. McCarter, W. M. Johnson, D. J. Pancoast and E. Q. Keasby.

The committee has carried on an active campaign through the members of the bar, and the public press in favor of the adoption of the amendments. Members of the bar, judges and vice-chancellors have responded by speech and pen to the request of the committee in aid of the amendments.

The committee in a report says there is little doubt but that the amendments will prevail, as the opposition thereto is feeble and not founded upon any just consideration of the merits of the proposed changes, but the vote will probably be light, and it is important that the lawyers friendly to the amendments should seek by personal appeal to their clients and acquaintances, and by use of the public press and otherwise to awaken favorable interest in the matter and secure as large a vote as possible throughout the State. If each of the 2,500 members of the bar in New Jersey would make a personal effort in this behalf, it would be easy to influence enough voters to carry the amendments against any opposition that may arise.

It must be borne in mind that a failure at this time will prevent any further consideration of the matter for at least five years, and will probably make it difficult at the end of that time to awaken interest enough to secure the much needed relief. With the improvement in our judicial system which these changes will secure, we shall have a system of courts as effective in their administration of justice as those of any State in the Union, without making any violent change in our practice and methods of procedure.

In view of the importance of these changes and the favorable opportunity of effecting them at this time, we urgently appeal to the members of the profession and to all who are interested in good government to take an active part in securing the adoption of the amendments.

Golf at Glen Ridge.

The qualifying round at the Glen Ridge Golf Club links for the September cup was completed Wednesday. The results were as follows:

C. Place, 90; G. E. Oberman, 91; H. D. Smith, 92; E. B. Osborne, 92; Robert Mitchell, 93; C. W. Royce, 98; D. MacDonald, 98; Charles Olney, 99; W. G. Thomas, 100; T. K. Benton, 101; E. S. Mitchell, 102; F. W. Robinson, 103; W. E. Powers, 106; T. T. Dokman, 107; E. L. R. Cadmus, 109; H. R. Kiley, 110; F. Lindenmeyr, 111; K. V. S. Howland, 112; H. N. Reeves, 112.

The first round at match play resulted as follows:

Class A—Olney beat Smith, 3 up; Osborne beat Royce, 3 up; Place beat Oberman, 1 up; MacDonald beat Thomas, 2 up.

Class B—E. S. Mitchell beat Powers, 1 up; Cadmus beat Lindenmeyr, 1 up; Robinson beat Howland, 7 up; Benton beat Kiley, by default; Reeves beat Dorman, by default.

There was also a tournament of the best selected nine holes out of twenty-seven. The final prize was won by H. N. Reeves with a net score of 31. Charles Olney won second prize with a net score of 34. In the weekly handicap the honors were divided between H. N. Reeves and Charles Olney, each having 92 net.

The Passaic Valley Sewer.

If the declaration of the Essex County Republican Convention platform, that the State ought to meet a part of the expense of the Passaic valley trunk sewer can be made effective, it will afford some relief to the heavily burdened taxpayers. The platform declaration is as follows:

"The progress made in the matter of the correction of Passaic river pollution by the enactments of this year and the work of the commission in charge, is gratifying not only to the Republican party of Essex County, which has consistently favored and advocated this great measure, but also to all patriotic citizens of this county. We adhere to the position taken in our county resolutions of last year, that in view of the fact that the State is the owner of the valuable riparian rights, which will be greatly benefited by this improvement, the State should aid in the prosecution of this work."

Fall Arrivals at E. S. Plant & Co's.

According to the calendar it is a bit early, but in point of readiness this progressive store may be said to be abreast of the chilly days. Every department is rapidly taking an autumnal air—fresh, crisp merchandise of all description is making its appearance daily. The dress goods, silk, men's furnishings, trimming, upholstery, shoe and boys' clothing stores are all briskly alive to approaching fall and winter needs. This is particularly true of the garment and millinery sections. The autumn display of outerwear correctness is rapidly building into completeness, and charming coats, waists, skirts and gowns are making their debut almost every hour. Just the millinery you require for early fall wear is here. Hats that hint of turning foliage and hazy atmosphere. Chic as can be and priced to please. In fact a showing of daintiness that's a treat to see. A visit to this store will reveal many interesting fashion facts.—Advt.

Like Finding Money.

W. W. Keyler Offers Medicine at Half-Price

W. W. Keyler, the popular druggist, is making an offer that is just like finding money, for he is selling a regular 50 cent bottle of Dr. Howard's celebrated specific for the cure of constipation and dyspepsia at half-price. In addition to this large discount he agrees to return the money to any purchaser whom the specific does not cure. It is quite unusual to be able to buy fifty-cent places for a quarter, but that is what this offer really means, for it is only recently, through the solicitation of Druggist W. W. Keyler, that this medicine could be bought for less than fifty cents. He urged the proprietors to allow him to sell it at this reduced price for a little while, agreeing to sell the specific does not cure. The result has justified his good judgment, for the sale has been something remarkable. Any one who suffers with headache, dyspepsia, dizziness, sour stomach, speaks before the eyes, or any liver trouble, should take advantage of this opportunity, for Dr. Howard's specific will cure all these troubles. But if by any chance it should not, W. W. Keyler will return your money.

The specific is very pleasant to take, coming in the form of small granules, and there are sixty doses in every package. It is especially convenient when traveling, and no one should start on a journey without a bottle of this reliable medicine.—Advt.

County Expenses.

In every paper published in this county allusion was made during the summer to increased tax rate in each municipality, and always accompanied with the stereotyped phrase, "Due to an increase in the county tax." In not one instance has any attempt been made to explain or give a reason why the county tax rate was increased. The platform adopted at the Republican County Convention on Wednesday night refers to the increased county tax rate, and also points out the causes for it, thus:

"There is an increase in the county tax rate for this year, and we ask fair consideration for the causes of this increase. The county has engaged in unexampled public works, all of which we believe to be demanded by public sentiment. The great park system, the new county hospital, the new county court house, the improvements at the county jail, the new bridges, the construction and maintenance of the Plank road, the building of new roads under the State act and the construction of the roadway, are all new and extraordinary measures. No part of the increase in the tax rate is due to increased current expenses."

Empire Theatre.

"For Her Children's Sake," by Theodore Kremer, author of "The Fatal Wedding," which will be the attraction at the Empire Theatre, Newark, for the week commencing Monday, September 14, is a well told tale of the ups and downs of life, and the lights and shadows of character. The introduction of a circus element at once original and effective adds a charm to the drama. Its chief value, however, lies in its delineation of the falsely accused hard work and repressed existence—for it cannot be called life—of those who live and toil and die in the sawdust ring. Matinee Monday, Wednesday, and Saturday.

Patents Issued.

Patents issued to Jerseymen and reported for the CITIZEN by Drake & Co., solicitors of patents, corner Broad and Market Streets, Newark, N. J.:

Racing apparatus, Dillon Beebe, Newark; socket wrench, Carl E. Bratt, Irvington; reducing minerals, (2 patents), O. B. Dawson, Caldwell; manufacturing pyrographic burners, W. D. Shoemaker, Newark; valve, (2 patents), J. B. Waring, East Orange; rheostat, E. Weston, Newark. Trade-marks—Blank books, Salmon & Treway, Morristown.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
